🌐 LinkedIn: linkedin.com/in/kamran-ds | 🌐 GitHub: github.com/kamran-ds

## Career Objective

Enthusiastic Data Science student with strong skills in Python, SQL, and Machine Learning. Passionate about solving real-world problems using data and eager to contribute to innovative projects through internships and research opportunities.

## Education

B.Tech in Data Science | [G h raisoni college engineering and management jalgaon] | 2023–2027 | Current CGPA: 7.18

Class 12th | [S S M M college] | Year | Percentage: 56%

Class 10th | [S G S high school] | Year | Percentage: 78%

## Technical Skills

- Programming: Python, C, C++, SQL,
- Libraries: Pandas, NumPy, Matplotlib, Scikit-learn
- Databases: MySQL, SQLite
- Tools: Jupyter Notebook, Git, Excel
- Concepts: Data Analysis, Data Visualization, Machine Learning basics

## Projects

- Daily Expense Tracker (Python)

Developed a Python program to manage daily expenses with add/view/clear options. Implemented functions for total and average expense calculation.

- Rock-Paper-Scissors AI Game (Python GUI)

Developed an advanced GUI-based Rock-Paper-Scissors game using Tkinter and PIL with custom buttons and design.

## Achievements & Certifications

- Solved multiple problems on coddy for improving python skills.
- Certification: Data Science (Codewithhurry).
